A Safe place for children

Beauty

Sustainability

Right now it looks like Tourism and Development. My hope is that it will become preserving the environment.

We must try to keep our community clean and safe for families. Our goal should be to improve our quality of life ahead of future development

compassion, volunteers, teachers, insight, input, change

Respect the Aina and culture

"Community" is the heart of South Maui values! Friendliness, healthy living, farmers' markets, spirituality, sharing & caring.

To me, Kihei is many communities that are akin to cliques so I don't see a community value now. But our community values should be good manners and kindness even if one has difficulties personally connecting to another.

Nature, clean water and joy.

Native Culture, land and sea.

Hawaiian culture, land retention, concern for each other

A family friendly community that is welcoming to all

aloha

Aloha

To provide a growing community of both understanding for the people /animals in the land

Tourists milked of cash like cows

Rich Retired Canadians-nice people but not voters-

Entitled golfers & property investors- just your basic hardcore capitalist vs nude hippie drummers

Small community and local feel, beach community

Family values.

What are South Maui's COMMUNITY VALUES?

<p>Malama aina. Support kupuna and maka'ainana. Restore and build the community, and not a transient one.</p>
<p>Community values for South Maui include: Responsible stewardship of our natural ecosystems Community action for improved infrastructure Improving Quality of Life for all citizens Upgrading local access to nature and the outdoors Clean beaches and by ways Safe and clean air, water, beaches, and oceans Community events and outdoor music venues Community gardens Rehabilitation of our homeless population (Housing First and affordable housing) Mental health service support centers (3 locations)</p>
<p>Clean living. Safe environment. Clean air and water. Outdoor recreation.</p>
<p>Helping each other out, kind words for everyone, working together to preserve Kihei and the beaches.</p>
<p>ahupuaa community shared responsibility; zero waste; independence and also helping each other out when needed; respect for the environment and various island cultures; transparency in government</p>
<p>Sadly, many of our values are deteriorated as there are few opportunities for Kihei residents to engage.</p>
<p>It appears most of the people are interested in making a profit</p>
<p>The ability to enjoy the, outdoors, ocean life, family, neighbors and neighborhoods.</p>
<p>I don't believe there are any community values because there is no sense of community. Kihei Community Association is not representative of Kihei!</p>
<p>Small town, middle class, accessibility to lots of stores and services. Friendly non-pretentious.</p>

What are South Maui's COMMUNITY VALUES?

Understand the economic need for a tourist population in Maui, but we must also lend our focus to the needs of the local resident population to support them. Good planning must harness the benefits of local growth. The local community would benefit from more diverse housing options, affordable co-workspace opportunities, community facilities, dog parks and healthy food options. Covid-19 has shown us more than ever the importance of local community.

Helping each other, enjoying the outdoors, local gathering at parks, library events, sports, clubs. Local music and art shows. We support each other, friendly, kind, respectful...live aloha

Always maintain The Aloha Spirit and respect the Aina.

The core value should be justice and pride. We ought to be proud to live in a beautiful, exquisite environment. We should demonstrate the ability to live within nature, where both humans and nature equally thrive.

Friendliness.
Love of nature.

Aloha, friendliness, sense of community, resourcefulness, compassion,

Not sure we have any other than support of the tourist industry because that is the primary basis of our economy.

IDK

Tolerance, acceptance, and environmental activism

Ohana, aloha, tolerance

The spirit of Aloha.
Safety.
Family.
Healthy activities.

I would like our values to be more about kindness & Ohana instead of mostly money.

Take care of one another.

Learning environment for tourists, residents, children, and adults (those of all backgrounds, age, etc) where we can all share respect for one another and have a wide range of activities where everyone can prosper, enjoy South Maui, and contribute to the community.

South Maui does not have a shared sense of COMMUNITY VALUES. But it has a COMMUNITY purpose as a visitor destination area for creating jobs and taxes that allow Maui County to function. The preservation of a strong and resilient visitor industry is the most important aspect of the South Maui Community. Without it there is no funding for Schools, Parks, Police, Culture, Community events and Healthy families. Keeping a Strong visitor industry includes creating and renovating visitor facilities.

Support for one another

What are South Maui's COMMUNITY VALUES?

South Maui has a very diverse layout of locals that have been here a very long time and middle class/ wealthy people that have moved here from the mainland. There is a very strong sense of family within the locals community as can be seen during the 4th Friday events in Kihei and various fairs/events (Pre-Covid), There is also a very strong desire in South Maui to volunteer and give back to the island that has given so much to all of us.
