

What do you want to **PRESERVE** in South Maui?

access to beaches
The beaches
The Islands beauty and the beaches.
The land, shoreline and purity of the water
Open space Beach access
Trees, reefs, beach parks, restaurants/bars
Coastlines
Culture, water, green open space.
Our ocean ecosystems and shorelines
The ocean ecosystem and wetlands.
Open space and small town feel
Community, culture, LOCAL families. Safety for our keiki
Green spaces...clean clear skies...limited tourists
Beach access and parks.
Natural surroundings.
Free access to beaches & parks Low fees to use Community Centers Sense of 'Ohana in every neighborhood Culture Wetlands/fishponds/clean ocean
Hard Question, easy to say something but to enforce it, that's another story. Everybody say's the beach's so how can you limit that, you can't The ocean water, stopping People urinating in the waters, if you look at how many people sit on the beach and see how many use the public restrooms, not many. The quite peacefulness and less traffic noise off the HWY put in some concrete fence like in Lahaina between HWY and Kananui Rd. between Keonekai and Alanui Ke Alii So disturbing of a noise.
the neighborhood feel, the presence of beaches without hotel lounge furniture
The casual parks and beaches, laid back & casual atmosphere, non-urban aspects. The few historic sites & buildings from our history

What do you want to **PRESERVE** in South Maui?

I would like to preserve the Hawaiian culture as well as Hawaiian practices. Preserving our fish ponds and having volunteers help and gain knowledge of the importance and the culture. Also sharing the history of South Maui pre and post-European contact with a day full of Hawaiian games, crafts and stories from the kupuna.

More owner-occupied dwellings.

More public space dedicated to and available to rent for small family gardens.

Clean beaches.

Healthy coral.

Reef...by having a 2 year moratorium on fishing.

Coral and reef.

1. Public beach access
2. Beach parks
3. Limited commercial access /use of beaches/water resources

1. Public Beach access
2. Discovered & undiscovered Hawaiian cultural sites
3. Trees & flowering shrubs
4. Views of the ocean and Haleakala from public streets
5. Existing beach parks
6. Undeveloped spaces
7. Ocean life diversity
8. Endemic bird populations

Beaches

Dog parks

Life guards

Our open spaces and beaches. We still have some of the most beautiful beaches on Maui, and I hope they can stay that way. I really like the concept of roads with walkable/ bike paths through the South Maui area. It can be done.

The feeling of "family" where the community looks out for and takes care of puts its residents before visitors. The shoreline and its resources. Open shoreline, the sense of sharing.

Affordable Housing

What do you want to **PRESERVE** in South Maui?

Clean and Safe Ocean and Beaches
Parks & Recreation Areas
Open Spaces
Beach Access
Pedestrian Access

beach access & beach parks
parking @ beach parks
Dog parks
aquatic center
community center(s)
playgrounds
sports areas:
-Baseball/softball
-Soccer/Football
-Tennis/Pickle ball
-Volleyball/Badminton
-Basketball
-Roller skating/roller hockey
-Archery
Access to surfing
Lessons for Surfing, Kayaking, SUP & other ocean activities
Canoe Clubs & their access to the ocean
Farmers Markets
The Kihei Boat Ramp
Access for snorkeling & diving (SCUB/Free diving)

Community feel
Relaxed vibe
Peaceful quiet

Usable open space.

Aloha Spirit.

Open space..low speed limits..parks for all locals and visitors...small beach town appeal..

Open beaches

What do you want to **PRESERVE** in South Maui?

Open space, Maui culture, Aloha sprit
Keep beach parks clean and accessible
It's already too late, just take a look at what is happening in Makena, what used to be a pristine area around the Maui Prince hotel, is starting disappearing already, in 20 years it will be only houses and condominiums.
Beaches. Local kine restaurants, people who live and work here full time More open space
Preserve the oceanfront parks and beaches. Make these beaches cleaner and more environmentally friendly.
Our beauty, safety and small ohana feel.
major arch site complexes in Kaonoulu (mega mall site and mauka); Makena resort lands; Wailea 670 and wailea undeveloped parcels. All Kihei gulches and remaining wetlands. The historic Kanaio-Kalama rd & other historic trails like Makena-ulupalakua rd; sand dunes; native plant habitat in Kamaole gulch; wailea 670, Makena and above Maui meadows. Our beaches and coastal access. Ahupuaa boundary wall on SF-S parcel. Paeahu complex on SF-7a/MF12-13 parcel. places for our keiki to learn about nature
CULTURE, LAND.....ALOHA.
Simple! The life of the land to perpetuate the living of a simple clean life, no pollution, buildings, commercial, shopping centers etc.
Our amazing beach parks, including all local public activities at these parks like football, soccer, little league, basketball, volleyball, TENNIS, inline skating, public pool. Whale Day parade!
open spaces, green areas
Great residents Dune restoration Shore restoration Groovey vibe bring back representative gov that was lost in 2014, when our first citizen initiative law was blocked by County and State politicians Small town character Open spaces Small biz Fisheries
Preservation should consist of protecting ocean shorelines, maintaining beach parks, dog parks, and wild areas, opening more beach access where development has happened. All things environmental, including wildlife, sea life and ancient Hawaiian sites.
Beach access for everyone. Water quality

What do you want to **PRESERVE** in South Maui?

beach access more trees
more recycle canisters, garbage cans, teach people about dropping plastic,
make every plastic bottle worth a nickle so people will collect, empty mayonaise,
mustard, yogurt etc etc

Open land, beaches

Our beautiful beach parks - especially passive parks, such as Waipuilani for passive enjoyment (Bocce Ball, frisbee, windsurfing, kiteboarding, lounging, reading, QUIET recreation). Hula and ukulele lessons. Senior pool exercises. Palm trees (replace fallen Keawe trees with Palm trees).

Empty spaces, Beaches, reefs, character of Kihei and South Maui

I want to restore and preserve the nearshore reef systems that are under attack by nutrient loading being delivered via groundwater from injection wells.

Beaches and open spaces.

Town vibe, not touriat trap

Sense of community. Community events like Kihei 4th Fridays. The small town feel.

area on side of road for biking and walking

The ocean, nature, cultural sites,

Small town feel

The natural beaches. The coast line. The accessibility to trails and water

Beaches

Open Spaces

Open spaces and public beaches

Residential communities.

Monthly street fairs in Wailea Villages and Azeka Plaza

Outdoor music venues - Whale Park and elsewhere

Festivals (Whale Festival)

Weekly to twice weekly farmers markets and artists concessions

Food trucks in more locations

Protected and upgraded park areas

Protected near-shore ocean parks

Expanded areas for protected near-shore wildlife

What do you want to **PRESERVE** in South Maui?

Preserve our park space.
Preserve our open space.
Preserve our trees.
Preserve our clean ocean.
Preserve our trails.
Preserve our clean air.

These ideas are not novel but need restating.

The coastline. The beaches, the inland areas, and the open feeling of Kihei.

Beaches and shoreline water quality; healthy reefs; open space; wetlands; native plants and environment; some semblance of past Native Hawaiian culture

Preserve the quiet nature of kihei neighborhoods as the public's right to peace is being assaulted at every turn. Less urban sprawl and strict zoning that is actually enforced would be helpful.

Open space and access to see the ocean

Ocean, Beaches, Parks , Water and wet lands.
Animals(fish, whales, turtles and birds)

The beach view drive on Kihei Road
The beaches!!

Wetlands, parks, small community feel.

The Hawaiian culture!!

The natural environment, including "special views"

As much of the natural environment as possible. Would be an advocate for slightly higher density development in South Maui over residential development that sprawls. Believe that special views in South Maui are not just those view corridors over the ocean but also the views from the coast back up towards the beautiful upcountry. This special, unique and magical view from coastal South Maui eastward needs to be protected as much as possible.

Nature,small community vibe where we can move around without bumper to bumper traffic. We are not oahu!

Low/mid rise buildings with view corridors to the ocean and mountain.

Keep working to preserve the ocean's beaches and coral reefs.

The beauty and accessibility to beaches. Preservation of the environment and ecosystem for both land and water.

What do you want to **PRESERVE** in South Maui?

The spirit of Aloha.

Trees.

Beach access.

Clean water.

Views. No high rises, no Waikiki.

Cultural heritage, spirit of Aloha

1. A sense of community

2. Support for local businesses

Fix the swap area. Clean it up and turn it to a park and preserve it.

Beaches and ocean access

The beaches

Our beautiful beaches. Dog parks. All parks.

Open spaces. Free parking.

Our coastline and reefs. The rural setting.

Laid-back lifestyle and aloha spirit

I would like to PRESERVE scenic views from roadways and park.

I would like to PRESERVE beaches, reefs and beach access.

I would like to PRESERVE open spaces.

iwi kupuna, and land and water ecosystems

The beaches and parks. The beach erosion and increasing water levels need to be addressed before it is too late. Eliminate any new coastal home and rental developments until the issues have been resolved. We also need to preserve the Hawaiian culture and invest in training for the non native locals and tourists. This might help the perceived conflict between non native and native Hawaiians.

Open space

Community gathering spaces; public amenities

Reefs

The environment in general

Endangered species and other creatures in the ocean and on land

Coral

What do you want to **PRESERVE** in South Maui?

Accessibility to South Maui's assets
Arts and culture
Beaches
Sense of place; charm; character; what makes Kihei special
Beach access
Lively energy - things for people to be engaged in
Beach reserves/parks
Beach resources
Beach access
Turtles
Green spaces, open spaces
History of region and Hawai'i - cultural events
Dark night sky
Old growth forests - wiliwili
Watersheds
Beach access
Cultural sites identified and preserved; Cultural practices and language; Aloha spirit
Rural character that remains in Kihei
Natural ecosystems; open space;
See: State motto
Cultural values and practices
Native wetland plants and species
Small town feel
Hawaiian culture and traditions be respected and honored

What do you want to **PRESERVE** in South Maui?

Ocean health
Native Hawaiian culture - music, values etc.
Historic Hawaiian sites and burials- preserve
Fish ponds restoration and preservation and better understanding of the cultural practices – why these traditions are important and understanding what they mean
Preserve and expand the canoe clubs - connectivity between clubs
The Kihei roundabout! The community adopted it, good functionality. Forward-thinking road design. Preserve all remaining open space
Open space and trees - green space is important - adds life and oxygen to the environment.
Dune preservation, expansion of environmental educational awareness.
More water and rainwater preservation - economic disparity between different areas of S. Maui
Small business preservation - encourage and increase access to fresh foods
Cultural resources - wetlands and fishponds
Ocean life, reefs
Access and free parking to beaches for residents
Archaeology of Mākena
Open space
Cultural and historic resources, education and how to get involved in preserving cultural
Reef system
Clean and preserving fish ponds and the education, going to tara patch, how to make poi, how to hula – preserving these cultural practices and educate people about them
Preserve Makena area – protect water and reef systems from future development such as resorts and hotels. Limit the number of boats that drop snorkelers off
Quality of life
Local ownership more so than hotels and commercial

What do you want to **PRESERVE** in South Maui?

Preserve sustainable ratio of visitors per day
Parks & Open Space
Water usage for those living here
Safe and open access to the ocean
Restoration of the local customs
Small town feel of Kihei - neighborhoods
Preserve the land - environment & culturally
Ancient graves & sites with artifacts (iwi kupuna)
Hawaiian values
Real Hawaiian culture & customs
History of South Maui - signage/awareness/sharing of history
Natural habitats & eco-systems
Sea walls & coasts
Prepare for sea level rise
Parks
Public access to beaches
Roundabouts
Natural environment
Cultural and historical sites and values
Aloha
Raw land
Reefs and sea life
Trees
Dark skies

What do you want to **PRESERVE** in South Maui?

Local small businesses
Open space; Parks; But also includes drainage and infrastructure vs passive parks
Safe open space not just unmaintained
Wetlands. Kealea pond North Kihei Rd move Mauka and convert to pedestrian/bike
Makena Beach Park - no housing development in that area
Limit extensions for developers to preserve open space
History - North Kihei camp by Suda store in plantation days was the only integrated worker camp; There's more to Kihei than a strip of development
Ancient Hawaiian history; Information Plaques
Natural beauty and diversity of indigeneous species -- flora and fauna
Friendliness and sense of community, aloha -- peacefulness and caring
Care and stewardship of natural resources -- volunteer efforts
Public access to parks and beaches and use them properly
Character of South Maui is more "Ohana" focused
Smaller businesses - mom & pop stores, less national chains and strip malls, support ohana businesses
The ocean; our beaches
Cultural sites - fishponds etc.
Traditional place names - moku and ahupua'a
Safe places for kids; the environment of feeling safe; the ability for our children to be "free-range"
Old growth trees and vegetation (native and non-native)
Everything natural - turtles, laidback attitude.
Wetlands.
Beaches for residents (concerned about "resort creep - umbrellas, etc.).
Near shore water quality and coral reefs.

What do you want to **PRESERVE** in South Maui?

Shoreline access.
Rights of Native Hawaiian practitioners.
Undeveloped shoreline properties.
Scale of the region - building height and massing - low rise aspect of the community.
View planes.
Aloha- we want it back. Too many mean tourists
Preserve old institutions like Maui Lu
Coastline preservation; coral, beaches, wildlife. Fishing access local fishermen
But there are also conflicts between swimmers and fishermen, spear fishermen and divers
Beach access and water access for recreation and gathering
Open space, wetlands
Cultural preservation, canoe club etc
Parks, ocean, sand dunes, beaches, wetlands, open space
Sense of community and "welcomeness" for visitors
Mau ka/ma kai orientation/ scenic vistas
Hawaiian cultural practices
Large trees
