

**Name: Larry Steven**

**Agenda Item: C. 1. Section 2.2 Safe, Healthy and Livable Communities for All**

**Received: 11/17/2022 via [wearesouthmaui@mauicounty.gov](mailto:wearesouthmaui@mauicounty.gov) (TESTOMONY RECEIVED AFTER SCHEDULED MEETING)**

**Testimony for November 16, 2022 CPAC Meeting**

Some points:

- Restrooms at Maui parks are dingy. I've seen other parks where they sparkle.
- We need some out of the box thinking about how to protect our dunes/beaches. We are losing the war. Should we consider establishing some barrier reefs?
- Pickleball is exploding and tennis is thriving. South Maui needs more courts.
- Water quality at Charley Young is often troubling. We need better ways to communicate with beach goers so they know exactly what's happening. We should be thinking about realtime monitoring and how about a study to figure out where the problems originate.
- The portables are often overloaded. We need to convert to upgrade.
