Testimony for December 14, 2022 CPAC Meeting

Aloha,

We've been coming to maui for 38 years and were married in Kaanapali Shores. We spend two months on your beautiful island each winter.

We've been playing Pickleball for 5 years and love playing when we visit South Kiehe. The sport allows for multi-generations to play and have fun. We have met so many wonderful people from the island and visitors from all over the world playing in Maui.

It would be wonderful to have 1) more public courts with 2) proper fencing around each court to prevent balls rolling from court to court and 3) proper surfacing to prevent catching shoe edges/slipping. Important to plan/design courts access gates to allow shared courts/play and minimize interrupting other games. Sam Martone a Maui resident could provide expertise. He has been a wonderful ambassador at the courts.

Thank you for all your hard work. Hope to see you on the pickleball courts this winter.

Kind Regards,

Patricia & David Johnson
