Subject: We need park and open spaces

I'm traveling right now or would be showing up for giving input to our community plan

I have lived in Maui Meadows for 40 years

Own my home there

Raised my son there

Now we live as three generations on our land with my sons two young children

We absolutely need open spaces and parks in the Maui Meadows Wailea area

Please earmark space next to Wailea dog park and the Ledcor piece

We do NOT need more luxury second homes.

This is critical as Wailea and going south is filling up with luxury homes villas etc where we as locals will not be comfortable being

Laura Lois Greenwood PhD

Former Professor at UH Maui College
