Subject: Land Use Designations for Wailea Sub Area 4

Aloha Mr. Rob Weltman,

I am writing to ask you to please preserve open space on Maui, especially South Maui, whenever possible. The time is now to preserve what is left of the balance of Nature and Hawaiian culture, and a healthy, balanced quality of life. I feel Maui is such a precious and unique and sacred ecosystem. I think of this island like a lifeboat. It can only support so many humans before it sinks. At some point, no matter how much development there is, some individuals will want more, for personal profit. At what point is the answer NO? Please consider a vote of NO to developing these parcels. Healthy island life requires open space for the plants and animals and oxygen and nature spirits to thrive. Mahalo for your kokua!!!

Many blessings,
Eva Roberts
