Aloha Ladies & Gentlemen of CPAC

Mahalo for the important work you do in guarding and guiding the regional lands of South Maui.

Please consider strongly designating MA'ALAEA MAUKA/POHAKEA as "OPEN SPACE" (managed for conservation purposes) RATHER THAN "AG". The combined risks of wildfires and flooding make the residential use of this space too hazardous.

We should also be considering necessary steps to reduce wildfires and improve their management for the area. This is an imminent threat to all of South Maui.

Mahalo nui loa
