Dear CPAC

Final decisions are being made about your recommendations for future growth areas in Maui. Please designate the Ma'alaea Mauka/Pohakea lands as Open Space rather than Ag. This is an extremely high wind, fire prone area that should be re-evaluated in light of more extreme weather conditions and the recent tragic fires.

Please do not bring new sources of fire ignition, new impermeable surfaces, or new waste water volume into this dry portion of the island. We already have recent history of wild fires, flooding, and troublesome waste water treatment practices to address. Please send a clear message that this land is best managed for Open Space to help reduce wildfire, flooding, and erosion.
