Dear CPAC Member,

Final decisions are being made about your recommendations for future growth areas in Maui. Please designate the Ma'alaea Mauka/Pohakea lands as Open Space rather than "AG." As you know, this extremely high wind, fire-prone area should be re-evaluated in light of the changing climate resulting in more extreme weather conditions. Years ago, the watershed was rerouted and has resulted in negatively impacting the Maalaea Harbor. The impact of designating the land as "AG" could cause additional harm to the Maalaea Harbor and bay. Please send a clear message that this land is best managed as an "Open Space" to help reduce wildfire, flooding, erosion, and impact on the harbor. Thank you for your consideration.
