Attn: South Maui Community Plan Advisory Committee:

I am a lifelong Maui native for over 50 years.

Today, I am imploring you to return the former Mega Mall site to ‘Residential’ designation, as it was previously approved. In addition, I would like to request that the Kihei Mauka area be returned to ‘Open Space’ and ‘Agriculture’.

We experience constant and dangerous flooding with subsequent drainage issues in Kihei almost every time there is heavy rain upcountry. These proposed new changes in developmens will only worsen these problems.

Maui needs affordable housing for our residents, which is long overdue! There is no need for any more commercial developments as are now being proposed.

Mahalo,
Bernadette Freitas
