

Name: Linda Berry

Agenda Item: B.1 Section 3.4 | Areas of Change

Date Received: 9/12/23 via email

If the upcountry area is designated simply as Open Space and Ag, we leave the door open for future developers to push their visions for this precious space.

Why not take advantage of the Community Plan to allow the community to present its specific vision now for what that open space and ag land will look like. For example, no plantation style ag.

Aloha,
Linda Berry
