Agenda Item: B.1 Section 3.4 | Areas of Change

Date Received: 9/12/23 via email

What? The Mega Mall, again?? I thought the LUC put that issue to rest when they declared that a mall in that location was not the best use of the land, that residences would be better.

After the Lahaina fire, have you heard anyone bemoaning the loss of the shopping malls of Lahaina, or of the outlet stores. I have not. It is the loss of the homes, the school, the cultural heritage center that break our hearts. These are the places that made that a community, not the shopping malls.

Clearly it is homes that we need, that we need now even more, not shopping opportunities that enrich the off-island mall owners.

Please serve the sacred land of Maui by returning the former Mega Mall site to a Residential designation so the land can serve the people.

Aloha,

Linda Berry
