

Name: Ma'ala'ea Village Association

Agenda Item: E. Other Committee Business

Date Received: 9/18/23 via email

Ma'ala'ea Village Association supports continued access to CPAC meetings via Akaku and Bluejeans. It is important that the County make CPAC meetings as accessible as possible to the general public by allowing remote access and participation. Members of the CPAC have shared with MVA that remote access has allowed greater community engagement in developing the new community plan.

It is concerning that the Planning Department has decided to discontinue remote access to these public meetings. Please reconsider that decision and support remote access.

Sincerely,

Lyndon Ibele, MVA President

Tapani Vuori, MVA Vice President
